

AWARD WINNING  
FIBERGLOW™ VENTED GAS LOG SETS

We are here to ensure your love for your Napoleon® product is a bond that continues to bring you and your family joy for years to come. Your purchase includes our President's Limited Lifetime Warranty providing peace of mind for your total satisfaction of ownership.

## EXCELLENT ADDITIONAL HEATING SOURCE WITH ADVANCED FIBERGLOW™ INFRARED TECHNOLOGY

In today's demanding society, where life never seems to slow down, we crave the more simple pleasures that bring back relaxation, comfort and treasured times with family and friends. Napoleon's FIBERGLOW™ gas log sets simply make sense, creating the ambiance your home deserves with log sets that are so realistic, they look like natural wood logs with a true, natural flame.

All Napoleon® gas log sets feature a unique burner technology unsurpassed by any other gas log sets in the industry. The PHAZER™ logs, crafted from only the finest ceramic fibers together with advanced infrared heat technology, provides an excellent additional source of heat with a real wood fire appearance.

ADVANCED FIBERGLOW™  
 INFRARED TECHNOLOGY RADIATES  
 HEAT BACK INTO THE ROOM FROM  
 THE PHAZERAMIC™ BURNER.

18" vented series providing up to 55,000 BTU's  
 with advanced radiant infrared heat technology.

24" vented series providing up to 60,000 BTU's  
 with advanced radiant infrared heat technology.

30" vented series providing up to 65,000 BTU's  
 with advanced radiant infrared heat technology.

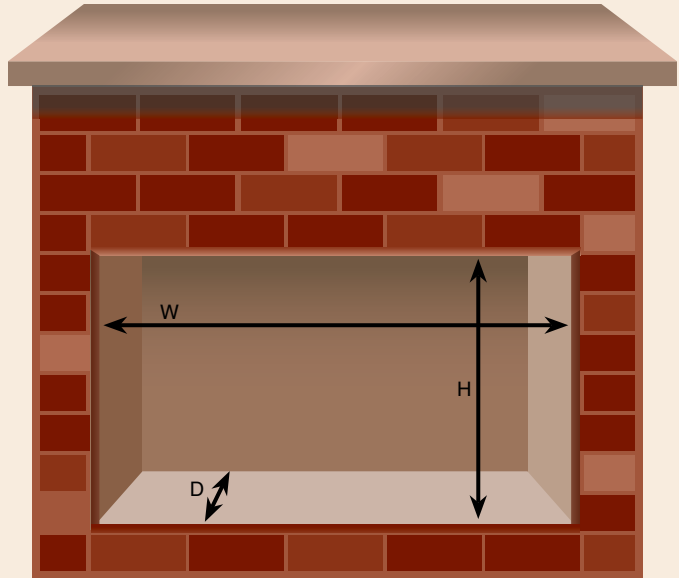

- A Air flows towards the air intake opening.
- B Natural gas or propane circulates into a precisely calibrated SIT safety valve.
- C Air and fuel mix within the venturi tube.
- D The perfect blend of fuel and air mixture travels through the sophisticated burner ports, strategically placed to begin the process of creating the most realistic flames in the industry.
- E Infrared heat from the glowing logs radiates directly back into the room from the exclusive PHAZERAMIC™ burner and ember bed which provides up to 65,000 BTU's.
- F Infrared heat technology and curved rear log design, directs heat back into the room.
- G Controls are hidden from view but easy to access. The added feature of an on/off switch is conveniently located at the front side.
- H Thermocouple provides 100% SAFEGUARD™ system, quickly automatically shutting off the gas supply for your peace of mind.
- I Thermopile millivolt system provides full operation without the need for electricity.
- J Ignition system is easy with a piezo ignitor, digital remote control or millivolt wall thermostat.
